

APPENDIX

Marked Up Version of Claims:

2. (Thrice Amended) A filter for use in a water heating vessel according to Claim 1214, wherein the scale collector is supported by a carrier member on a frame of the filter.

7. (Thrice Amended) A filter for use in a water heating vessel according to Claim 1214, wherein the scale collector comprises a compacted mesh block.

9. (Thrice Amended) A filter for use in a water heating vessel according to Claim 1214, wherein the scale collector is carried on the structure towards an end thereof which in use in a water heating vessel is closest to the bottom of the vessel.

10. (Thrice Amended) A water heating vessel including a filter structure according to Claim 1214 removably mounted within the vessel and extending over a water outlet of the vessel.
